Subject: Winter Storm Postpones CSUF Climate Survey Focus Groups

The Climate Survey Focus Groups scheduled to occur on campus tomorrow, Tuesday, December 10, 2013, have been postponed due to the severe ice/snow storms that have impacted travel from the east coast by the consultant and her team of facilitators. Since last night, the consultant has tried making alternative travel arrangements from Pennsylvania, but unfortunately, due to closed airports and cancelled flights, she and her team are not able to travel to California.

If you were planning to participate in a focus group tomorrow, I apologize for any inconvenience this postponement may have caused. Efforts are underway to reschedule the focus groups and to communicate this information to you as soon as possible.

Your input is very important and I look forward to your participation when the focus groups are rescheduled.
