Higher Withholding: Select YES if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

**The information below will help you to accurately report if you should claim the higher withholding. This information is taken from the IRS website https://www.irs.gov/pub/irs-pdf/fw4.pdf**

**Step 2: Multiple Jobs or Spouse Works**

Complete this step if you (1) hold more than one job at a time, or (2) and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do only one of the following:

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4).
(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4 below for roughly accurate withholding.
(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld.

**TIP:** To be accurate, submit a 2020 Form W-4 for all other jobs. If you (or your spouse) have self-employment income, including as an independent contractor, use the estimator.

Claiming Dependents (Must be in dollar amount): Use step 3 of the W-4 form to calculate the dollar amount to claim dependents. Enter the total on the Claiming Dependents section.

**Step 3: Claim Dependents**

If your income will be $200,000 or less ($400,000 or less if married filing jointly):

Multiply the number of qualifying children under age 17 by $2,000 $2,000.00

Multiply the number of other dependents by $500 $500.00

Add the amounts above and enter the total here $2,000.00
Use step 4 if the W-4 form to calculate the dollar amount for Other Income and Deductions. Enter 00.00 if not applicable.

**Step 4 (optional): Other Adjustments**

(a) Other income not from jobs. If you want tax withheld for other income you expect this year that won’t have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income.

(b) Deductions. If you expect to claim deductions other than the standard deduction and want to reduce your withholding, use the Deductions Worksheet on page 3 and enter the result here.
